RAJA JAISWAL is a name that connotes a perfect blend of three vital elements; magnificence, comfort and style. Through our years of matchless performance, we have established ourselves as one of India's leading chair parts manufacturers.

What takes us way ahead of our competitors is an understanding of the market requirements as well as years of research that goes behind each of our product. The result of all the effort and relentless hardwork is furniture that is superior in class, elegant in look and appealing to the senses.

Our chair parts are made from finer quality wood, steel and other material that is acquired from trusted vendors after in depth quality check by our panel of specialists.
